Key Features of Microsoft Total Access Collection from Global Knowledge

HD Videos

Four types of videos designed by a team of experts help ensure that you absorb everything you need to learn in order to succeed. HD-quality streaming videos adapt to your connection speed and device.

Hands-On Labs

Integrated hands-on labs mean you get your hands in real scenarios, solve problems and learn by doing. No more watching, reading and then hoping you remember. Plus, our snapshot save feature enables you to start and stop these enhanced labs as needed.

Mentoring

Experts are at your disposal 24/7. No more scouring the Internet for what might be an answer. When you have a question, expect instant and informed feedback via chat, email or phone.

Authorised

These courses are stamped with Microsoft's approval, so you can trust that this official content is worthy of your time. These courses don't just scrape the surface with supplemental material. They are full training courses.

Assessments

Confirm that your new skills are sticking with Knowledge Checks planted throughout each course. If you aren't grasping a topic, you'll know. Then you can take the time to nail it before moving on.

Updates

You'll automatically gain access to updates for Microsoft Official Courses On-Demand as soon as they become available.
