Mois de la Cybersécurité

BE CYBERSMART & PROTECT YOUR DATA

Create passwords that are strong, unique and easy to remember.

Keep your software up-to-date.

Install antivirus and desktop firewall solutions against malware and unauthorized access.

Secure your web browser before accessing internet.

**DON'T
TAKE
THE
BAIT**

FIREWALLS DON'T PROVIDE COMPLETE COVERAGE

Beware of email attachments and links.
Check privacy settings.
Don't post personal information.

OPPORTUNITY MAKES THE THIEF SO LOCK BEFORE YOU LEAVE
