

CITRIX CERTIFICATION

Citrix certifications are now solutions-based, reflecting the evolving needs of IT professionals and organisations. Citrix certification is the best way to prove knowledge and experience to employers, hiring managers or clients.

DIGITAL WORKSPACE

Digital Workspace certifications validate the knowledge and skills needed to leverage the full capabilities of Citrix Virtual Apps and Desktops, proving you have the real-world skills and experience required to install, configure, manage, and support highly available and complex environments.

NETWORKING

Networking certifications validate the knowledge and skills needed to leverage the full capabilities of Citrix ADC, including implementation for app and desktop delivery, networking performance and optimization, network security, and automation and orchestration.

PARTNER SERVICES

The Partner Services certification 'Service Delivery Professional' validates the soft skills, coupled with the technical knowledge, required to successfully execute consulting projects.

CITRIX RECERTIFICATION

Citrix offers you the opportunity to renew your Citrix certification, before it expires. To qualify you must hold a current and valid Citrix certification. Expired certifications are not eligible.

Check the expiration date of your Citrix certification at: www.citrixcertmanager.com

Two simple options to recertify

Citrix makes recertification convenient by giving two simple options:

- Complete the relevant instructor-led training course without the need to pass a certification exam.

OR

- Pass the most recent version of the exam associated with your current certification.

Check our website to find out which training course or exam you need to attend to extend your certification.

SPECIAL OFFERS

To give you a hand in your budget balancing act, we've created special offers that help you get the most out of your allotted training funds.

PLAN YOUR TRAINING

Whether instructor-led or self-paced, in our classroom, at your company or online, our convenient delivery formats enable you and your team to get the training you need, where, when and how you want it.

CLASSROOM

Our expert instructors and hands-on labs provide results-oriented, classroom training.

We offer public dates at a wide variety of locations. Courses are run by experienced practitioners and many of them lead to external qualifications for delegates.

VIRTUAL CLASSROOM LIVE

Get engaging and impactful live, instructor-led training, regardless of your location. Our Virtual Classroom Live training combines premium learning technologies and our industry-leading instructors, content, exercises and peer collaboration to ensure that you get the highest quality professional development experience possible.

ON-DEMAND (E-LEARNING)

On-demand training is for professionals who prefer to develop the skills they need on their time and at their pace. You are no longer limited to one schedule. Take comfort that you're being taught by subject matter experts who are using proven learning development tools and techniques to deliver an interactive training experience that is cost-effective while providing maximum flexibility.

BLENDED LIVE

Experience the best of instructor-led and on-demand learning. Blended Live combines the expert direction of instructor-led training and the flexibility of on-demand learning and enables you to close critical skills gaps more effectively while allowing you to choose when and where you train.

PRIVATE COMPANY TRAINING

Increase your team's efficiency in a private, coordinated professional development session at the location of your choice. Whether your team attends in a virtual classroom, on-site at your company, or wherever you like, team members will receive expert instruction and curriculum tailored to fit your training requirements.

Have more complex needs?

Our learning specialists will work with you to pinpoint your unique specifications and quickly create a targeted, customised solution that meets your budget and schedule.
