CLASSROOM LIVE

Our expert instructors and handson labs provide results-oriented, classroom training. We offer public dates at a wide variety of locations. Courses are run by experienced practitioners and many of them lead to external qualifications for delegates.

VIRTUAL CLASSROOM LIVE

Get engaging and impactful live, instructor-led training, regardless of your location. Our Virtual Classroom Live training combines premium learning technologies and our industryleading instructors, content, exercises and peer collaboration to ensure that you get the highest quality professional development experience possible.

ON-DEMAND (E-LEARNING)

On-demand training is for professionals who prefer to develop the skills they need on their time and at their pace. You are no longer limited to one schedule. Take comfort in that you're being taught by subject matter experts who are using proven learning development tools and techniques to deliver an interactive training experience that is cost-effective while providing maximum flexibility.

BLENDED LIVE

Experience the best of instructor-led and on-demand learning. Blended Live combines the expert direction of instructor-led training and the flexibility of on-demand learning and enables you to close critical skills gaps more effectively while allowing you to choose when and where you train.

PRIVATE COMPANY TRAINING

Increase your team's efficiency in a private, coordinated professional development session at the location of your choice. Whether your team attends in a virtual classroom, on-site at your company, or wherever you like, team members will receive expert instruction and curriculum tailored to fit your training requirements.

HAVE MORE COMPLEX NEEDS?

Our learning specialists will work with you to pinpoint your unique specifications and quickly create a targeted, customised solution that meets your budget and schedule.
